## NOTES

\* **Shading** covers all those whose surname would have been Pollock at some time in their lives, i.e., including Pollock daughters before marriage and Pollock wives after marriage, plus the Montagu-Pollock descendants of Frederick and his wife Laura Caroline Montagu after the second baronet changed his surname to Montagu-Pollock in 1873 - unlike any others after David Pollock the Saddler their surname is shown in their entry. (NB: Many children of Pollock daughters were given their mother's surname as a final forename before their father's name.)
